PROFILE

As a recent Computer Science graduate with a robust foundation in Python programming and web development, I am eager to launch my career as a Python Full-Stack Developer. I am passionate about applying my skills in real-world scenarios and am committed to continual learning and innovation in web development.

EXPERIENCE

Micro Irrigation Marketing Consultant

Jayam Traders, Coimbatore   [2021 - 2023]

Managed land surveys and coordinated irrigation projects, liaising with government bodies for farmer subsidies, ensuring sustainable agricultural practices

PROJECTS

Sign Language Translator for Deaf and Dumb People
Sign Language Translator for Deaf and Dumb People: Developed an innovative IoT-based translator to facilitate communication for the deaf and dumb. Utilized an accelerometer to capture hand movements, converting them into text and speech in real-time, enhancing interaction and inclusivity.

Dynamic E-Commerce Web Development Project [Frontend]
I led a dynamic e-commerce project, excelling in HTML, CSS, and JavaScript. I implemented a responsive design, an interactive slideshow, and a sophisticated shopping cart. My focus on user experience and technical prowess resulted in an engaging, highly functional application, showcasing my advanced web development skills.

CERTIFICATIONS

Python Full Stack - Successfully completed Python Full Stack training at Besant Technologies in Velachery, Chennai.
